**To:** [COMPANY EMAIL]

**Subject:** Findings of Uyghur forced labour in [REPORT NAME]

### Body:

- Hello, my name is [NAME]. I recently saw the report [REPORT] which linked the suppliers of [COMPANY NAME] to the Uyghur Region, also referred to as Xinjiang Uyghur Autonomous Region.
- I am very concerned about these findings. There are egregious human rights abuses occurring in the Uyghur Region, including state-sponsored forced labour.
- If you are Uyghur, consider adding some personalized context, such as:
  - I am from the Uyghur Region and am Uyghur myself (adapting accordingly).
  - I found the report findings particularly concerning as my friends and family are experiencing these human rights abuses.
  - OR whatever feels like the appropriate comment to make here.
- What is [COMPANY NAME] doing about the findings of the report? What is [COMPANY NAME] doing to address the risks of Uyghur forced labour?
- Is [COMPANY NAME] going to fully exit the Region at every tier of the supply chain? Is [COMPANY NAME] going to apply the Uyghur Forced Labor Prevention Act standard across its entire supply chain?
